

A diagram of a DL envelope layout. It features a large outer dashed black rectangle representing the full sheet with a 3mm bleed. Inside this is a smaller dashed pink rectangle representing the finished envelope size. The area between the two rectangles is shaded light pink. Text and arrows are placed at the bottom to define the 'Safe Zone' (the inner pink rectangle) and the 'Cut line' (the outer black rectangle).

## DL Envelope

220mm x 110mm finished size

226mm x 116mm with bleed

↓ Safe Zone - all text should be within this area ↓

↓ Cut line - finished print size ↓

3mm Bleed - this area will be removed
